Answer: _____ Why? _____

Power Sharing: CBSE Class 10 Civics Lesson Slides (India)

Answer key for teachers · Ages 15–16 · Civics

A Key terms

1 Power sharing	D	Dividing power among organs of government, levels of government, social groups and political parties or groups.
2 Majoritarianism	A	The belief that the majority community should rule a country in whatever way it wants, disregarding the wishes of minorities.
3 Community government	F	In Belgium, a government elected by people of one language community, wherever they live, dealing with cultural, educational and language matters.
4 Prudential reason	E	A reason based on careful calculation of gains and losses, such as reducing conflict.
5 Horizontal distribution of power	G	Sharing of power among organs of government at the same level: legislature, executive and judiciary.
6 Checks and balances	C	An arrangement in which each organ of government can limit the others, so none has unlimited power.
7 Coalition government	B	A government formed by two or more political parties coming together.

B Quick quiz

1 b) Brussels

About 59% of Belgians speak Dutch, but in the capital, Brussels, about 80% speak French and only about 20% speak Dutch.

2 c) Recognised Sinhala as the only official language

The 1956 Act recognised Sinhala as the only official language, one of several measures that made many Sri Lankan Tamils feel alienated.

3 d) It reduces the chance of conflict between groups

Prudential reasons are about better outcomes, such as less conflict and more stability. The other options are moral reasons.

4 a) Horizontal distribution of power

The three organs work at the same level of government, so this is horizontal distribution, also known as a system of checks and balances.

5 c) Vertical (federal) division of power

Dividing power between higher and lower levels of government is called vertical, or federal, division of power.
